## Accessing Your Free Resources

### You're in.

To protect the work behind Your Freedom Engine™, all free resources are delivered via email, not open download links.

### This ensures:

- You receive the correct version
- Your resources stay private
- You don't lose access later

### What to Do Next:

1. Check your inbox for an email from
2. [info@yourfreedomengine.com](mailto:info@yourfreedomengine.com)
3. Open the email and download your resource
4. Whitelist the sender so future materials arrive cleanly

If you don't see the email within a few minutes, check your **SPAM** or **PROMOTIONS** folder.

## What You'll Receive

Over time, you'll receive access to all five foundational resources.

***Each one builds on the last.***

Think of this as pre-learning — not homework.

You don't need to rush.

***You just need to stay oriented.***

### A Quick Note on Email

We intentionally use email delivery. Not because it's old-school.

*~ Because it's how real systems operate.*

**Your inbox becomes:**

- *Your update channel*
- *Your system memory*
- *Your access point as you move forward*

If you plan to build income that compounds, email is part of the operating system.

**No Spam. No Noise. Just Signal.**

**Welcome to Your Freedom Engine™**

*Even if you've tried everything before and nothing has stuck.*
